42% of scholars hold a CA Driver’s License

Satisfaction Rates by Method of Transportation

Key Observations

- Most scholars use public transportation and spend less than 30 minutes getting to the UCLA campus.
- While 42% of scholars hold a CA driver’s license, just over 15% drive a car as their method of transportation.
- Those who use a taxi, rideshare, or carpool have the highest satisfaction rates.
- Those who bicycle, take public transportation, or walk have the lowest satisfaction rates.
